

## HOW YOUR DISPILL BLISTER PACK WORKS ?

- 1- The Dispill blister pack contains all your medication for 7 days.
- 2- Your medication is organized by days (rows) and dosage times (columns).
- 3- Start taking your medication from the bottom row (day 1).

(Your Dispill blister pack may contain empty cells marked "Not Used". This corresponds to days or dosage times that you do not need to take medication.)

DETACHABLE

EASY TO OPEN

To separate the Dispill blister cells, simply fold them forward 3-4 times and pull them apart.
